The clinic provides a professional, collegial environment equipped with advanced diagnostic technologies, including a Level III Pulmonary Function Test lab, supporting personalized and coordinated respiratory care. Responsibilities include comprehensive patient evaluations, medication management, ongoing follow-up, and patient education, with opportunities for professional development and involvement in clinic operations. Candidates must have internal medicine and respiratory fellowship training with appropriate certification. This Alberta Health Services-sponsored position offers a predictable weekday schedule in a vibrant, affordable city known for its high quality of life and welcoming communities. **Respirologist (BH 606) - CanAm Recruiting**

## About Alberta Cardiology

Alberta Cardiology is a comprehensive multispecialty practice dedicated to advanced cardiovascular health. We bring together expert cardiologists and internal medicine specialists under one roof, offering a full range of cardiology diagnostics, consultations, and treatments tailored to each patient's unique needs. Our mission is to provide personalized, high-quality care that surpasses community standards in a comfortable and convenient environment. We prioritize expedited access to specialty cardiology services to reduce patient wait times and enhance healthcare experiences.

# EDMONTON | ALBERTA

*Discover a city that offers the best of work and life.*

**Edmonton—a city where opportunity meets community, and adventure is just outside your door. Edmonton offers a vibrant lifestyle, a strong job market, and a warm, welcoming atmosphere.**

## City Overview

Edmonton is the capital city of Alberta, known for its vibrant cultural scene, scenic river valley, and growing economy. As one of Canada's fastest-growing urban centers, Edmonton offers a unique mix of big-city amenities and natural beauty.

- Population: ~1.5 million (metro area)
- Language: English (official)
- Time Zone: Mountain Standard Time (MST)
- Climate: Four-season climate with sunny summers and snowy winters
- Transportation: International airport, extensive public transit, LRT system

## Lifestyle & Community

Edmonton is known for its diverse, welcoming communities and family-friendly neighborhoods. Whether you're a young professional, starting a family, or planning a long-term career, Edmonton offers something for everyone.

- Cost of Living: Generally more affordable than Vancouver or Toronto
- Neighborhoods: From downtown condos to suburban homes and acreage living

- Safety & Cleanliness: One of Canada's cleanest major cities
- Education: Home to excellent public and private schools, plus post-secondary institutions like the University of Alberta
- Academic & Healthcare Excellence
- University of Alberta: One of Canada's top universities, renowned for research and medical programs
- Healthcare: A growing healthcare sector with several leading hospitals, including the University of Alberta Hospital and Royal Alexandra Hospital

## Arts, Events & Recreation

Nicknamed "Canada's Festival City," Edmonton hosts over 50 major festivals annually, including:

- Edmonton International Fringe Theatre Festival
- K-Days
- Heritage Festival
- Ice on Whyte

## Attractions include:

- West Edmonton Mall (North America's largest shopping/entertainment complex)
- Art Gallery of Alberta
- Royal Alberta Museum
- Edmonton Symphony Orchestra

**Outdoor Life:**

- Over 150 km of trails in the North Saskatchewan River Valley
- Hiking, biking, skating, skiing, and river sports year-round
- Easy access to the Rocky Mountains (Jasper is a 4-hour drive)

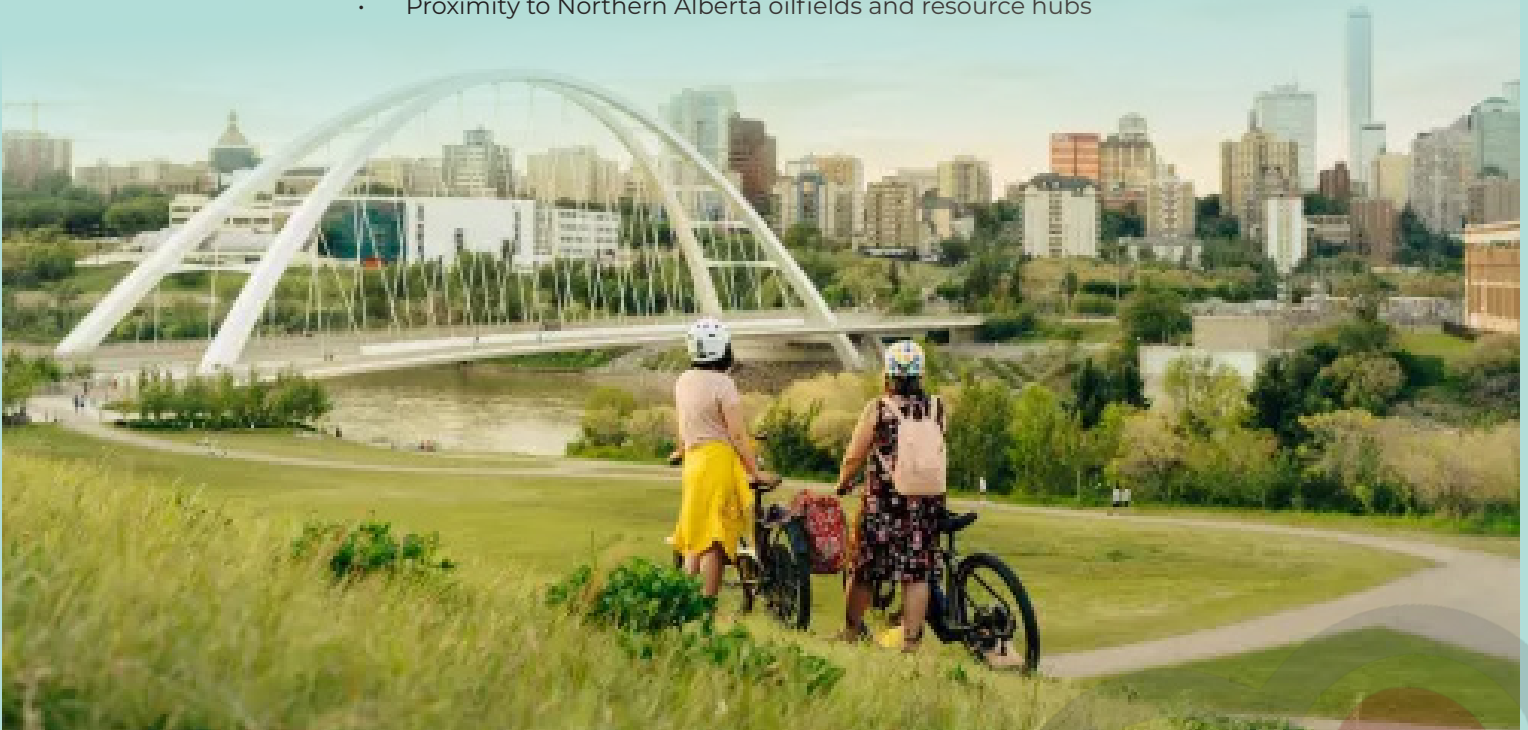

**Career & Opportunity**

Edmonton's economy is anchored in healthcare, education, energy, technology, and manufacturing. The city is experiencing rapid investment in infrastructure, innovation, and community development.

- Strong job market for medical professionals
- Increasing demand for radiologists and specialists
- Competitive compensation and work-life balance opportunities

**Connectivity & Accessibility**

- Edmonton International Airport (YEG): Direct flights to major cities in Canada, the U.S., Europe, and Mexico
- Well-connected highway system and access to rail transport
- Proximity to Northern Alberta oilfields and resource hubs
